

ENVIRONMENTAL POLICY

The Monobuoy Co. Ltd and Monobuoy SARL are committed to prevent damage to the environment and provide adequate control of environmental risks arising from work activities.

As such, we will strive to:

- ensure that the equipment we design and build can be manufactured, installed and operated in a manner that keeps environmental damage to a minimum.
- provide adequate training to ensure employees are competent to do their work.
- implement emergency procedures such as pollution cleanup or procedures for other significant incident.
- maintain clean and healthy working conditions, provide and maintain plant, equipment and machinery, and ensure safe storage, use and disposal of substances.
- ensure that our legal obligations are met at all times.

This policy will be regularly monitored to ensure that the objectives are achieved. It will be reviewed and, if necessary, revised in the light of legislative or organisational changes.
