

QUALITY POLICY

The implementation of the Quality Management System ensures that the products and services provided by our Companies to our customers consistently achieve or exceed their expectations.

The Monobuoy Company Ltd and Monobuoy SARL operate a single system that regularly evaluates its processes in order to meet the customer's specifications.

It is our policy to maintain, on a continual basis, an effectively managed Quality Assurance programme as defined in the ISO9001:2015 standard. This will assure customers that the products and services supplied will conform to the laid down procedures and systems of the company and will ensure that the customer's requirements and expectations are achieved.

The management of The Monobuoy Co Ltd and Monobuoy SARL is firmly committed to the documented procedures and control systems of the Company and all employees are involved in the implementation of this policy.

The Managing Director is entrusted with the authority and responsibility for the control of the Quality Management System.

This policy of Quality Assurance is in place to ensure that the goals of the company are met. The two companies continually strives to ensure that the best possible products and services are supplied to the Company's valued customers; thereby satisfying that their requirements are met as effectively and efficiently as possible.
